

Powered Industrial Truck Train-the-Trainer

1 Who Should Attend . . .

This workshop is a must for anyone concerned about health and safety on the job including:

- ▶ Managers concerned about liability and workers' compensation costs.
- ▶ Employees who want to learn proper techniques for protecting their safety and health at work.
- ▶ Business owners who want to learn about compliance with Michigan Occupational Safety and Health Administration (MIOSHA).

2 Why You Need This Workshop . . .

- ▶ To reduce disabling injuries and illnesses to employees - and to ensure that every worker goes home safe and healthy every day.
- ▶ To reduce the high costs of work-related injuries. Nationally, employers spent an estimated 50.8 billion on wage payments and medical care for workers hurt on the job. (*Liberty Mutual Safety Index 2005*) This is only a portion of the total costs of work-related injuries. Indirect costs such as overtime, training and lost productivity can also burden employers.
- ▶ To enhance your company's bottom line. A strong safety and health commitment not only protects workers, it also reduces workers compensation costs, improves employee morale, and increases production and quality.

3 What You'll Learn . . .

This MIOSHA program involves a full day of safety training designed to address specific occupational safety and health hazards associated with operating powered industrial trucks. MIOSHA General Industry Safety Standard Part 21, Powered Industrial Trucks is extensively examined as well as the relevant rules contained in other MIOSHA Standards. Topics include truck safe guards and devices, safe operating procedures, employee selection, training and inspections.

Agenda

We offer a flexible program agenda to emphasize the health and safety topics you want most.

- ▶ Part 21: Review of the Powered Industrial Truck Standard
- ▶ Top 10 Common Powered Industrial Truck Violations
- ▶ Health Hazards Associated with Operating Powered Industrial Trucks
- ▶ Hands on Demonstration of Daily Checks Required by the Standard

All meetings are accessible and barrier free. Please contact the cosponsor or CET Division, at least two weeks in advance, to request necessary accommodations.

Facilitator

Micshall Patrick is currently an Occupational Safety Consultant with the Consultation Education and Training Division of MIOSHA. She has been with the Division for 17 years and currently provides consultation and training services for Kalamazoo, Kent, and Barry counties. During Micshall's tenure with CET, she has developed various safety training programs within the agency, including recordkeeping and powered industrial truck train the trainer.

Before working for the State of Michigan, Micshall was a personnel specialist with Kalamazoo County performing personnel functions and administering the county's workers' compensation program. She also chaired the County Safety Committee, which developed accident prevention programs for county employees. Micshall is a graduate of Kalamazoo College with a bachelor's degree in political science.
